Instrumentation: any three instruments

Approximate duration: 10 minutes

Instructions:

This score is to be read on any three instruments. Rehearsal should be minimal. The symbols do not need to be interpreted literally, thus any instrument may play any symbol, but the resulting sound should mimic or resemble the sound on the traditional instrument. Conflicting symbols within a part can be interpreted openly, though all symbols should be addressed by the performers in some manner which is allowed to change over time. Not all symbols necessarily make sound. The first movement is a reading in temporal unison. The second movement has independent parts which should be read starting together immediately after the first movement.
